

RIVER PRIMARY SCHOOL

Our Vision	At River, we strive to ensure children develop as self-confident, lifelong learners who build and use their knowledge, skills and understanding positively. It is important to us that children grasp what it is to be a good person so that they are motivated to participate in and contribute to their community. We want our children to value themselves as part of something bigger, being equipped to make a constructive difference to society through their words and actions, now and in the future.

LYDDEN PRIMARY SCHOOL

Our Vision	Educating children as they grow up and preparing them to lead safe, happy, healthy and successful lives is at the heart of what we do. This is reflected in the ethos of our school which reflects the values and attitudes that characterise any caring family and community. We aim for our children to grow and develop in an environment where they are cared for, listened to and respected as well as being given consistent, secure and firm boundaries. The atmosphere of the school, the quality of relationships and the way in which the school works with our families, all combine to develop children who will have a fair sense of justice and the ability to be valued citizens of the future. We are committed to supporting every aspect of a child's development.
