

Year 1 Home Learning Grid
Dinosaurs – How do we know dinosaurs existed?

Make up a dinosaur dance.	Think of a creative way to help us remember the 7 continents and 5 oceans.	Create a self-portrait. You can draw, paint or use collage materials.
Make a 2D shape picture of your favourite dinosaur.	Create a fact file about a dinosaur.	Bring in an interesting fact about dinosaurs to share with the class.
Can you collect some shells and make your own Mary Anning seashell shop at home?	Play a game to explore your senses. e.g. go on a listening walk.	Make a dinosaur habitat for us to enjoy in school.

The home learning grid gives a variety of creative tasks for the children to choose from, which link to their topic for the term. We suggest that children choose one to complete, however should they wish to complete more, we recommend no more than three. These tasks are optional and should be chosen in addition to, not instead of, the English and Maths key learning tasks.

Home learning is due in by the last day of term.
