What do minibeasts do for us?

<p>What is a microhabitat? What microhabitats can you find in your local area? Tell us 2 you can find.</p>	<p>Look closely at a minibeast and draw what you see.</p>	<p>Make a minibeast hotel in your garden. Which minibeasts can you find in it.</p>
<p>Make a minibeast using junk modelling.</p>	<p>Find out what a minibeast does for us.</p> <p>For example, bees pollinate our flowers, fruits and vegetables. Without them it would be hard to produce some of our fruit and vegetables.</p>	<p>Create a fact sheet about a minibeast.</p>
<p>Look at a map of the local area. What symbols do you notice?</p>	<p>Draw an aerial map of your garden.</p>	<p>Draw 2 physical and human features you can see in your area.</p>
