

EYFS Term 6 Home Learning Grid

What can you find at the beach?

Home learning is due in by the last day of term.

Visit a local beach. Can you identify features that are man-made or natural? 	Draw and label a picture of animals you may find at a rock pool. You could even visit the beach and see what you can find. 	Create your own underwater picture. 
Imagine you are a pirate. Pirates like to hide treasure. Draw a treasure map and put an X to mark the spot where you have hidden your treasure. 	Use some old boxes, packaging and other materials to make something for a pirate. It could be a treasure chest, a spade or even a parrot! 	Explore whether objects float or sink. Make a prediction before you test them. 
Pirates sometimes send messages inside bottles. Can you write or draw a kind message for someone in your family and put it in an empty plastic bottle for them? 		Draw a picture and write some sentences to describe the signs of summer. 

The home learning grid gives a variety of creative tasks for the children to choose from, which link to their topic for the term. We suggest that children choose one to complete, however should they wish to complete more, we recommend no more than three. These tasks are optional and should be chosen in addition to, not instead of, the English and Maths key learning tasks.
