

Year 4 Home Learning Grid  
Are all rivers the same as the River Dour?

|                                                      |                                                                                                                 |                                                                                                                                    |
|------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Locate rivers in Kent, the UK, Europe and the world. | Create a model of the water cycle                                                                               | Choose a river to research and present your findings.                                                                              |
| Make a boat that floats using 1 sheet of A4 paper.   | Research how rivers are used in popular culture. How many songs, films or fiction books can you find on rivers? | Look around your home. How many solids, liquids and gases can you find?<br><br>Choose how you would like to present your findings. |
| Draw or paint a picture of a river landscape.        | How have rivers been used by humans over time? How has the River Dour been used in the past?                    | Write an acrostic poem about rivers. Can you include some similes or metaphors?                                                    |

*The home learning grid gives a variety of creative tasks for the children to choose from, which link to their topic for the term. We suggest that children choose one to complete, however should they wish to complete more, we recommend no more than three. These tasks are optional and should be chosen in addition to, not instead of, the English and Maths key learning tasks.*

*Home learning is due in by the last day of term.*
