

Year 1 Home Learning Grid

What's around us?

Draw a picture or 'story map' of your favourite story and label it. Can you retell the story?	Identify the material different objects are made from. Can you record your findings? (plastic, metal, fabric, wood)	Create a masterpiece inspired by Andy Goldsworthy.
Draw and label a map of your journey to school. Can you add a key?	We are reading Super Duper You. Draw a picture of yourself and tell us what makes you super!	Go on a walk with your grown up and collect some Autumn treasures.
Paint a picture or make a model of your home.	This term we will be making bread. Make a sandwich. What type of bread did you choose? Will you try something new?	Perform your favourite nursery rhyme to your family.

The home learning grid gives a variety of creative tasks for the children to choose from, which link to their topic for the term. We suggest that children choose one to complete, however should they wish to complete more, we recommend no more than three. These tasks are optional and should be chosen in addition to, not instead of, the English and Maths key learning tasks.

Home learning is due in by the last day of term.
